## CAPABILITY STATEMENT

PE Metalworks acts as an extension of your team providing quality, value-added engineering for manufacturability, end-to-end fabrication, welding, graphics, finishing services, and mechanical assemblies.

## CERTIFICATIONS

### Company Certifications

- ISO 9001:2015
- UL 508A (2024 completion)
- UL and IP54 Rated Enclosures

### Operator Certifications

- Six Sigma, Lean
- AWS Certified Welders
- Amada Press Brake
- SolidWorks and AutoCAD
- Adobe Illustrator

## EXPERTISE

We support a wide range of projects, from easy to complex and low-to-high volume. Some specialties include:

- Engineering design analysis (FMEA, Flow, etc.)
- Sheet metal design and fabrication solutions (steel, stainless, and aluminum)
- Additive manufacturing
- Environmentally certified, custom enclosures (UL, IP54, etc.)
- Machine automation frames and parts (various industries)
- Mechanical assemblies (including tempered glass placement, gas springs, hinges, form-in-place gaskets, insulation, etc.)
- Industrial graphics (signs, labels, Lexan, Metal Photo, etc.)
- Finishing (powder coating, blasting, passivation, etc.)
- White Label Packaging Solutions (custom packaging, etc.)

## TYPES OF CUSTOMERS SOLUTIONS
